

General Terms and Definitions

Commercial Weighing or Measuring Device	Any device, contrivance, apparatus, or instrument used, or designed to be used, for obtaining weight or measure and includes any tool, appliance, or accessory used or connected to the device.
Correct	In addition to being accurate, a weighing or measuring device that meets all tolerance and specification requirements.
County Sealer	Is any sealer appointed by the county. A county may, in its discretion, refer to its sealer as the county director of weights and measures.
Certificate of Accuracy of Standards	A certificate that is issued for weighing and measuring standards that have been tested and certified by the Division or other approved metrology laboratories.
Placed In Service	Permit the use of a device that has been tested and found to be correct, as defined in subdivision (c) of Section 12500, and type approved, as provided for in Section 12500.5, or to submit a device to a sealer for verification prior to installation.
Repair	In any of its variant forms, means to provide maintenance or to install, adjust, recondition, or service a device.
Service Agency	Any person, firm, corporation, or association who repairs commercial weighing and measuring devices for payment.
Service Agent	A person employed by a Service Agency to install, service, repair or recondition commercial weighing and measuring devices.
